

- ❖ **Do you have a job now or were you recently employed in the last six months?**
- ❖ **Are you between the ages of 18-30?**
- ❖ **Do you have an intellectual or developmental disability?**

If you answered yes to these questions, we want to talk to you!

You are invited to participate in the EMPOWER Working Project, a research study that explores the meaning of work in people's lives. We are looking for adults with intellectual and developmental disabilities to participate in a personal interview discussing their relationships, goals, and interests related to their work lives.

If you say yes, you will help give us information about the importance of work in people's lives. You can choose if you want to be part of a research study with Texas A&M University. We will not share your name in our findings or with anyone except the people who work on this research project. You will also receive a \$15 Amazon gift card for taking the time to talk with us.

If you have any questions or would like more information, please contact Dr. Carly Gilson at carly.gilson@tamu.edu or (979) 458-1593.
