*A **Learning Pod** is a small group that consists of **4 to 6 students** and **1 Pod Leader** in a home setting. Pod Leaders guide and assist students with existing remote online learning. Additionally, our Learning Pods claim afternoons as **POD TIME** for enrichment activities done as a group: Literacy in the form of Read Alouds, Readers' Theater and Writers' Workshop. **PM POD TIME** is time to gather as a group, have fun, learn and socialize while still maintaining a learning environment. Our **Learning Pod** model is designed to support working parents. One parent must be onsite during hosting of the Pod. Families share Pod Hosting responsibilities in an equitable manner by rotating once a month or bimonthly. **Students of all abilities and support needs are encouraged to reach out.***
