

The Healthy Relationships School Program is **free** to schools and families, and we provide all materials and all instruction. This is a 10-week, hour-long program offered once a week with instruction provided in the student's classroom.

This program is adapted from the solutions-focused "Healthy Relationships" curriculum developed by Theresa Fears, MSW at The Arc of Spokane. This program is offered under Robin Tatsuda, MSW, Director of Information & Family Support at The Arc of King County. The Healthy Relationships Program is funded through King County's Best Starts for Kids initiative.

Resources

- Relationships & Sexuality & Gender

** Abuse, Neglect, and Survival Supports*
