

HEALTH CARE OPTIONS FOR IMMIGRANTS

Effective as of Dec. 23, 2022, the U.S. Department of Homeland Security (DHS) has returned to longstanding public charge policy, making it safe for non-citizens and their families to access health programs for which they qualify. **Many non-citizen residents could be eligible for free or low-cost health insurance through Washington Healthplanfinder.**

Receiving health coverage through Washington Healthplanfinder – including Washington Apple Health (Medicaid) will not affect your or a family member’s immigration status or citizenship application. More information about Medicaid is available from Apple Health.
