What is the Developmental Disabilities Administration (DDA)?

The portion of our state government, within DSHS, responsible for providing support and care to people with intellectual and developmental disabilities across their lifespan.

Where people with developmental disabilities go to get help for in-home, out-of-home, and community-based services

For those who will require long-term services and support, DDA will play a critical role.

Formerly called DDD

For a complete list and description of available DDA services

Why is DDA important?

Long-term care is costly, and most people, even those with financial resources, can't afford to pay for it on their own.

Although DDA is not a crisis agency, having them available during an unexpected crisis is a critical safety net.

Being DDA eligible enables the state to more accurately count how many people with disabilities live in Washington in order to better prepare and serve them.

WELCOME TO THE DEVELOPMENTAL DISABILITIES ADMINISTRATION (DDA)

Who can access DDA services?

Anyone who has a developmental disability as defined by Washington State.

I'm DDA Eligible – Now What?

You're now in the front door of the restaurant but not yet seated at a table

Must enroll on a waiver to access employment support, caregiving and respite services

BeST Behavior Support

What is a Waiver?

A package of services that increase in levels of support and services, depending on the individual's level of need.

Most families start with the Individual and Family Support (IFS) Waiver and then move up as needed.

You must use (or try to use) the services they give you and show that it isn't enough help before they'll give you more.

When enrolled on a waiver you become eligible for Medicaid, regardless of income. Medicaid can be used as a secondary insurance, and to access personal care.

Why is it called a Waiver?

It is an agreement to *waive* the option to receive services in an institutional setting and choosing instead to receive the same or similar services in their own home and community.

How do you enroll on a Waiver?

- "I'd like to request a needs assessment in order to be enrolled on a waiver."
 - To request services: 1-800-974-4428 or <u>https://www.dshs.wa.gov/dda/service-and-information-request</u>
 - Expect a response in 1-2 weeks 3-6 months 6-12 months or more
- Needs assessment: TIME TO GET REAL
- Waivers are not at capacity but there is an administrative backlog that makes enrolling take a year or more
- If you are already a Medicaid recipient, you may be eligible for personal care through Community First Choice. Call 206-341-7750 to enroll.
- If you already have a waiver and would like an increase in services, use ALL the services you already have before requesting more.

If waivers reach capacity: Waivers are awarded based on urgency of need, not first come first serve, and there is no waitlist. Keep in very close contact with DDA, notifying them of anything new or different including:

- Increase in challenging behaviors
- New diagnosis or medical condition
- New care/support needs
- Pictures and videos are your friends

What is respite care?

Purpose: To allow the primary caregiver a break so that they can continue being the primary care giver, preventing out of home placement.

- Short-term, intermittent relief for parents/caregivers, where the person with a disability receives care from another person so that the main caregiver can take a break.
- Respite care is NOT "Child Care" while the parent is at work.
- The many forms of Respite Care:
 - One-on-One care in your home or the local community for a few hours at a time
 - After-school care, camps, adult day centers, specialized classes, etc. offered by a DDA contracted organization
 - Overnights, weekends, or longer care at a friend/relative's house or licensed facility
- ✤ To find respite care:
 - Contact your DDA Case Manager
 - Lifespan Respite NW <u>Respite Vouchers</u>
 - Any social or recreational activity can be respite care!

What is personal care?

Purpose: To provide DIRECT assistance to a person with disabilities with their Activities of Daily Living (ADLs)

What a Personal Care Provider CAN do:

Bathing	Dressing
Toilet Use	Eating
Meal Prep	Essentia
Telephone Use	Personal
Bed Mobility	Travel to

- Can't provide childcare, supervision, or skilled nursing
- Can be provided in the client's home, an Adult Family Home, Assisted Living Facility, or Nursing Home. It can also be provided in the community if it meets the client's care needs.
- Only parents of clients 18 and over can become * paid caregivers.
- To find a caregiver: *
 - Contact your DDA case manager
 - Contact contracted caregiving staffing agencies
 - Carinacare.com ٠
 - Those already providing care can become contracted providers

What to expect from your DDA Case Resource Manager (CRM)

CRMs hold caseloads of ~75 people.

You have the right to call or email any time. Allow 48 hours for a response. Don't expect the CRM to reach out to you except for the annual assessment. Therefore, if you are having challenges, need more services, or have questions, you must be the one to seek help.

- If you do not hear back from your CRM or are concerned about their work, contact their supervisor.
 - You can find out who the supervisor is by calling the DDA front desk at **206-568-5700**

CRMs should know about the DDA services available to you. They have limited knowledge about non-DDA services.

Where do you go with concerns?

CRMs are doing their best, but DDA is a complicated and ever-changing system so it is easy to make mistakes. If you suspect the information you receive is inaccurate or you are turned down for services, you have a few options:

- Ask for clarification from the CRM
- Talk to their supervisor
- Work your way up the supervisory chain
- Contact The Arc of King County
